VOLUME XXXVIII

OF

PUBLIC HIGH SCHOOL

The character of youth is wrought
In oh so many ways,
That if we tried to list them all
We'd write for days and days.
Our schooling plays a major part
To make us what we are.
We learn to know a right from wrong
And not to say "them thar."
But more than just the written rules
We gain a fellowship
Which, as we travel the road of life,
Will give a firmer grip.

—Dave

Dear Skip,
We've had a wonderful time this year! You're a real great gal! and I wish you the best of luck at Lindenwood!
Love Ya
Suzie Lewis

In Summer

Swimming, boating, and loafing were fun,
But not mowing grass in the hot summer sun,
The drive-in movie was a typical date,
And the thought of school was a horrible fate.
—Carlson

Summer

In Fall

Fall found us as busy as little bees,
But we still had to rake those crazy leaves.
We also crowned us a homecoming queen,
And those football games were the best we'd seen.
—Carlson

FALL

In Winter

Book worms, clock-watchers, and the educated few,
Eagerly looked forward to something new.
The game with St. Teresa, always a high light,
And the sledding and skating on a cold winter night.
—Carlson

Winter

In Spring

Spring was here, it came so soon
And we all got lazy just around noon.
The prom and carnival were drawing near,
And graduation would soon be here.

BOARD OF EDUCATION

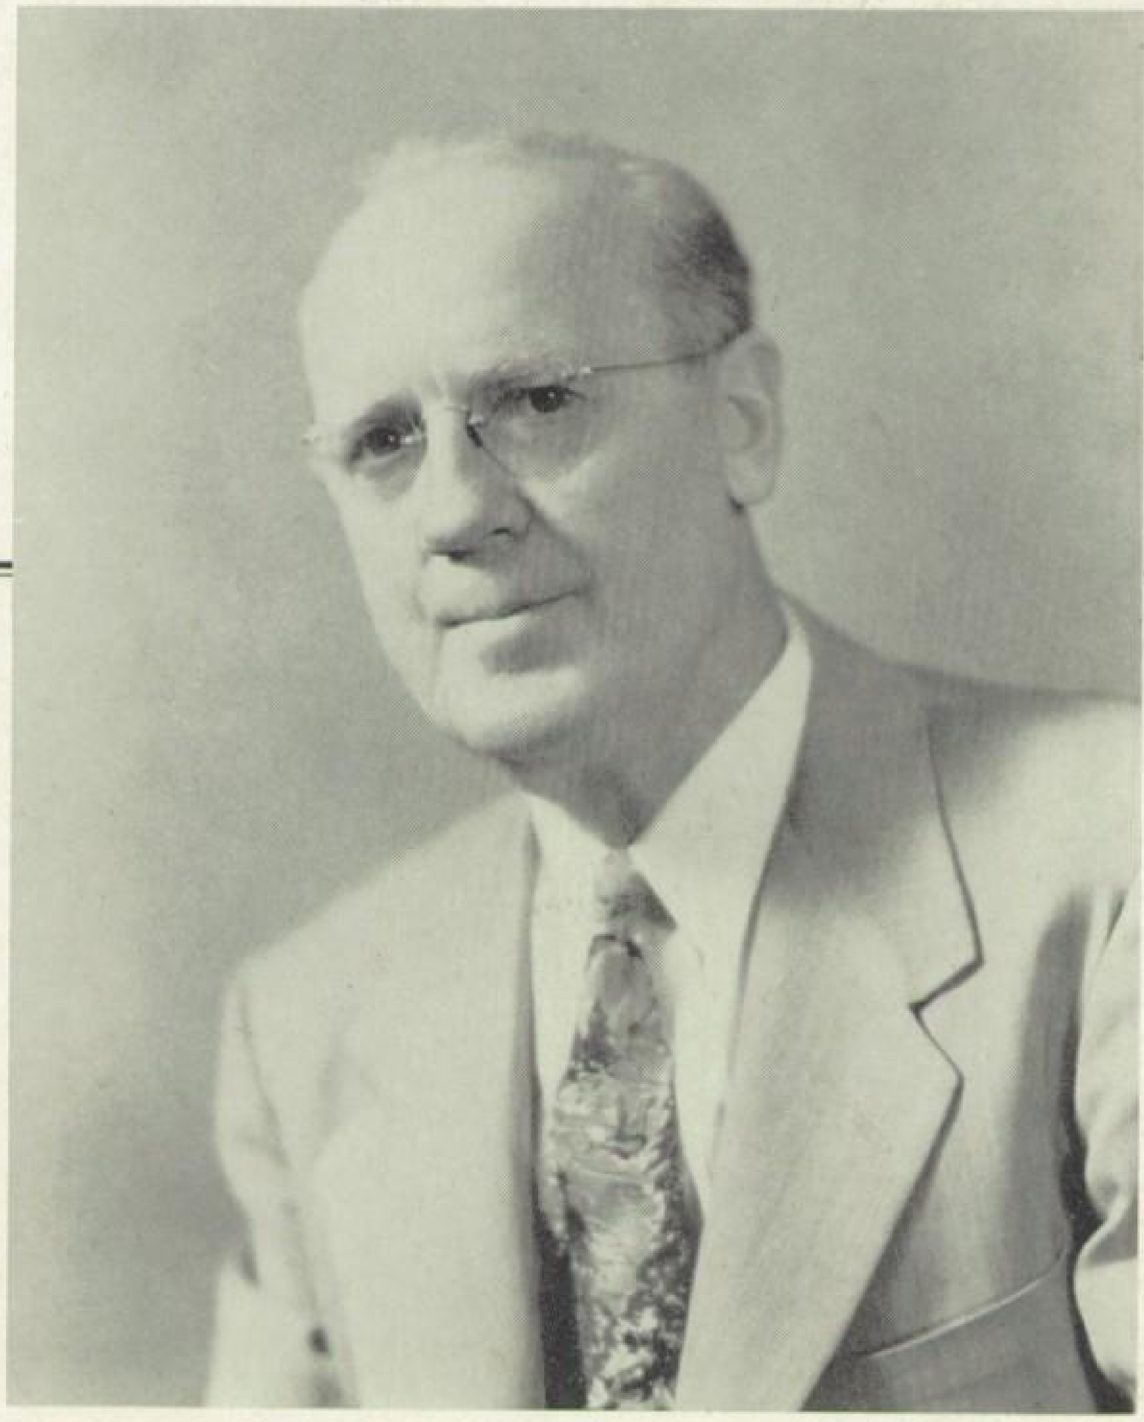

Mrs. Lucy Oplinger, Lester J. Grant, Superintendent of Schools, Dr. George Flaxman, Otto C. Keil, President.

The Board of Education has the responsibility for providing the best public education possible for all the children of the district. Parents are interested in their children. All citizens have a responsibility for the education of the children of the community. The Board of Education represents all citizens and with its staff attempts to set policies for an efficient and effective operation of the schools.

The economic and cultural level of any community is directly related to the level of education maintained. For parents this means a higher standard of living and better opportunities for the children. For the student it means wider opportunities for the discovery and use of all his talents. For all citizens it means a better community in which to live. The parent, the citizen without children, and the student all have privileges made possible by good schools. Each must accept the responsibilities that go with these privileges. Individual and community growth must be a cooperative endeavor and each should make his contribution.

Miss Elizabeth Connard
Guidance Director

Seated Miss Margery Prestley, Miss Elizabeth Connard, Mrs. Ruth Pigott.

Standing: Miss Mary Carroll, Mr. Gansel Bennett, Miss Marie Weber, Mr. W. K. Davis.

Absent: Miss Mabel Scheiderer.

Eight faculty members who have been given released time to counsel students, comprise the guidance department. Sophomore Counselors are Mr. W. K. Davis, Miss Marie Weber, and Miss Elizabeth Connard; Junior Counselors are Miss Mabel Scheiderer, Mrs. Ruth Pigott, and Mr. Gansel Bennett. Upon entering high school, students are assigned to a counselor who advises the student during his sophomore and junior years.

Through individual conferences, the counselor plans the student's program, making changes when it seems wise or continuing with a program that seems best for him. While educational planning comprises much of the counselor's time, he also assists students in home problems, job finding, and personal problems of any nature.

In group work, the guidance department plans orientation programs for incoming students. They are helped in plans for registration, and with simple rules and regulations pertaining to first days of school. College Day and Vocational Interest Day are other functions of the department, held once each year.

Senior Counselors, Miss Mary Carroll and Miss Margery Prestley, receive the students for their final year in high school. They make out senior elections, check each senior's credits, investigate failures and incompletes, and warn students and parents of the failures.

Miss Carroll and Miss Prestley also average grades for National Honor Society, Valedictorian, Salutatorian and Orator. Diploma lists are prepared and checked; announcements and caps and gowns ordered. They make arrangements for class day, baccalaureate, and commencement, and make recommendations for college and work scholarships.

Our faculty we now present. We hope you will approve,
Their guiding and their knowing hand helps keep us in the groove.
They help us with our classroom work and make the homework rough,
It seems you work from dawn to dusk to get the weighty stuff.
We think of all the many things, their tests—our hair was curled.
But we'll agree these pictured here are the finest in the world.

We are the seniors about to leave,
Some are happy, some will grieve.

Some will smile and say good-bye,
Others will wither and heave a sigh.

Many a thing has happened to us,
Since we entered here for this final fuss.

We've won many honors and had lots of fun,
But we're sure we'll remember especially one.

We walk 'cross the stage to the slow playing band,
And return to our seats, our diplomas in hand.

It's great to be seniors we all will agree,
And we're pretty darn proud—the seniors—we!

—Dave

It's been a lot of fun this year knowing you, ship. We've had a terrific time in tennis, haven't we! Best of luck, 'cause you deserve it. Mary Gage

We are the juniors and next to the top,
And we'll get there some day if time doesn't stop.
It's been said of our group so unique and so rare.
There's talent and brains in them students there.
We're right in the middle and solidly so,
We put on the prom and fork up the dough.
But wait 'till next year, we'll be big wheels then,
And such a great class there never has been.
We'll wait and we'll ponder and see this one through,
Just watch us next year, we'll prove it to you!

Good luck to you, Skip! I have really enjoyed having fun with you in Kappa. Have a neat time in college. With much love, Carolyn Hungness

We are the sophomores, the youngest in school,
This may be true but you'll find as a rule
That we've learned what to do in the class room and later,
And even bought tickets for the new elevator.
The class rooms seemed funny and the subjects a riot.
When grade cards came out the halls were all quiet.
We've learned the ropes, the red tape, and such,
We're now going places so do keep in touch!

—Dave

Dear Skip,

We really have had alot of fun together this year. You are really a real swell girl and a better Kappa sister. I sure want to thank you for hauling me around all year, but thats' how we had so much fun. I hope you have all the luck in the world in what ever you do. I know you will go a long way. Let's not forget each other when we are away at school. I know we will get-to-gether, at least, at Christmas. Well, I guess I am running out of space, so I will close with: Lots of Luck to a real swell girl.

Activities, clubs, groups, and such,
We got 'em all from soup to nuts.
French and Spanish and German, too,
Checkers and rifle, there's one for you.
Singing, we got it in choirs galore.
The councils who lead us and tell us the score.
The bands, the orchestra, and Dolphins who swim,
The gals who play "B" ball down in the gym,
The artists, the workers, and the A. V. A.,
And those who are looking to some future day,
Thalia and Latin and Ushers and Speech,
Paint and Powder and "Y" groups, we're proud of each

SPORTS

MR. VAN HOWE
Football Coach

Mr. Howe, our football coach, has completed another successful year as head football coach of Decatur High. This year under his leadership the Reds went undefeated in Big Twelve play, securing for the school a co-championship rating.

Most any cold fall evening between 4:15 and 6:15 one could find Mr. Howe in a sweat suit, perched atop the dummy racks, guiding both starters and scrubs through drills and plays to make them more like football players. Those of us who have played for Mr. Howe have been aware of a determination to bring the best out of his team. His ability to work with boys and to shape them into a team instead of eleven stars has won him success.

We of Decatur High are proud of the job Mr. Howe has done. We would like to pay tribute to Mr. Howe's coaching, his knowledge of football strategy, and to Mr. Howe, the man.

This was the finest football team in the history of the school to win all its "Big 12" Conference games. Decatur was conference co-champion along with Peoria Central and Champaign since none of the three were defeated or tied in conference play. This team had the three things necessary for success in high school football today, namely, spirit, speed, and team work. The school and community can be justly proud of the 1955 squad, many of whom should return to make 1956 an exciting season.

GAY KINTNER
Director of Athletics
Basketball Coach

GALEN KINTNER
Assistant Basketball Coach

For the last twenty-eight years the name of Kintner has been associated with Decatur basketball and sports in general. During those twenty-eight years, the Reds have won many laurels for the school.

Mr. Kintner not only shoulders the basketball responsibility, but he is also Director of Athletics. Under his guidance, the athletic department has grown and is now ranked with the best in the state. His athletic department and his ball players, of which we are all proud, are products of the Kintner determination.

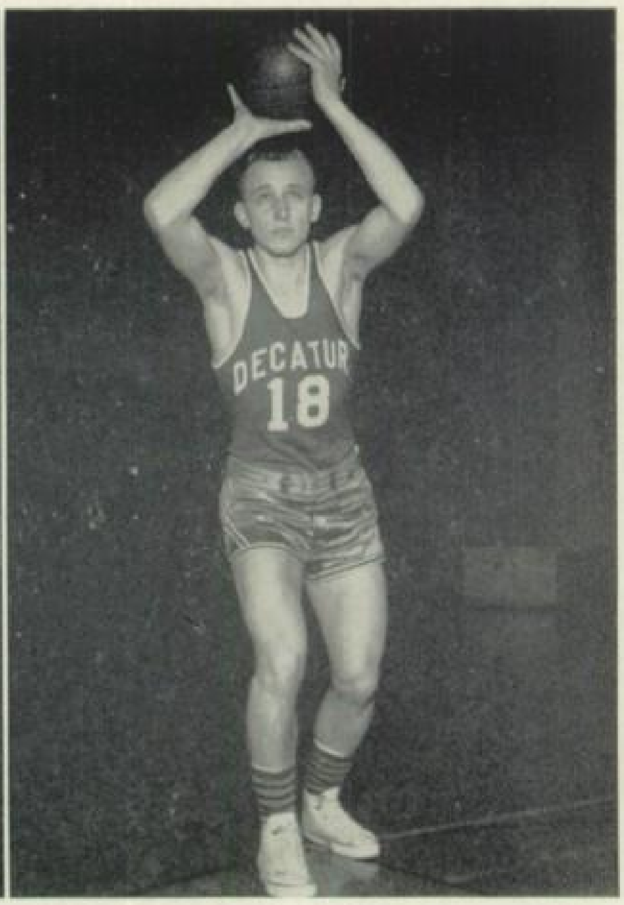

Galen Kintner has inherited some of his father's skill and determination. This year his sophomore team went undefeated. Under his guidance, the varsity came within two points of the second rated team in the state.

Some of us are big and strong
And use a ball that's round and long.
People see us on the floor
As we make baskets by the score.
Others use a club and ball
And seek a score that's very small.
Round and round the track they run,
To these brave guys it's really fun.
Tennis strikes some people's fancy,
The game is fast, and a little chancy.
Some enjoy the nation's sport,
And around the diamond they cavort.

1955 BASEBALL

Row 2: Joe Coleman, Sherman Kramer, Rick Hazelrigg, Ron Waeckerle, Don Siweck, Jim Lee, John Dudleston, Erskine Hawkins, Larry Haab.

Row 3: D. F. Batthauer, Coach; Willie Newbon, Jeff Taylor, Bob Davis, Dick Williams, Jim Behrends, Roger Sexton, Don Workman, Bob Galka, Frank Hawkins, Jerry Matteson, Manager.

Coach Batthauer has helped bring several firsts to D.H.S. athletics. In recent years we have had several undefeated B Squad football seasons. We won our first conference football championship. Our baseball team played in a state baseball tournament finals twice in three years. With the exception of one letterman, who signed to play professional ball, all of our graduating baseball lettermen the past two years have gone on to college. A large number are going into teaching. Bob Davis pitched our first no hit, no run game in conference play. It was the first time seven of the nine starters hit over three hundred.

STUDIES ABROAD

JUDY HAGEBUSH

HEIDI SCHAFHEITLE

Judy Hagebush, senior, spent the past summer in Europe through the American Field Service Scholarship. She lived with the family of Sune Johansson in Stockholm, Sweden, for two months. She also visited Germany, Denmark, Belgium, Holland, and France.

Heide Schafheitle arrived in Decatur last August. Her home is in Kilchberg near Zurich, Switzerland. She is the foreign student sponsored by our Student Council and was selected by the American Field Service. Heide will leave Decatur June 25 and will travel in the United States for three weeks before returning to Switzerland. When asked how she liked Decatur High, Heide replied, "Oh, I like it, but of course I thought it was enormous. We have only six hundred students, and there are no boys at our school."

GEORGE NAZZAL

TONE-METTE KIERULF

George Nazzal arrived in Decatur on September 23, 1954. His home is in Bethlehem. He is a senior, and after graduation plans to study medicine at Millikin and Washington Universities. George says, "I have enjoyed studying in D. H. S. Students and teachers are very nice and friendly to me. I have improved my language and learned more about the teenagers of America."

Tone-Mette Kierulf, a junior, came to D. H. S. from Oslo, Norway. She will attend our school this year, then during the summer will go back to her home. Tone-Mette likes D. H. S., and enjoys our numerous assemblies.

Dear Skip—
Please excuse me for teasing you so much, but I've been used to receiving and giving teasing like that. You are a lot of fun to be with and I sincerely wish you all kinds of success in college and after you graduate. It doesn't seem possible that we are seniors with only six more days of school — I'll be looking forward to hearing from you and seeing you many more times in the future. The very best of luck to you.
Linda Nickel
May 18, 1956

Dear Skip,
We've had loads of fun in a Choir, and I'm sure you'll always remember Government Problems.
Best of luck in college.

a bit because you're very sweet.

Finale

Skipper,
We've gone to school since grade school at Dennis School. Remember all the fun we've had all these years. Best wishes for the future,
Lucia Backus

Now the year is over, and our talents we must try.
We move to see a brand new world and meet a brand new sky;
But, as we leave these hallowed halls and o'er the world we go,
We'll ne'er forget the lessons taught and friends like Jane and Joe—
The lessons taught in class rooms strict or at a social ball,
The time we were the Conference Champs or corralled in the hall.

Recall the cramming that we did to pass those final tests,
The gals in white who led the yells with D's upon their chests,
The books we bought, the marks they caught, the grades we sought in vain,
The parties gay with laughs and jokes, and picnics in the rain.
The time has come for us to leave; so we bid a grand adieu.
We're out upon the world, you see, and we leave our school to you.

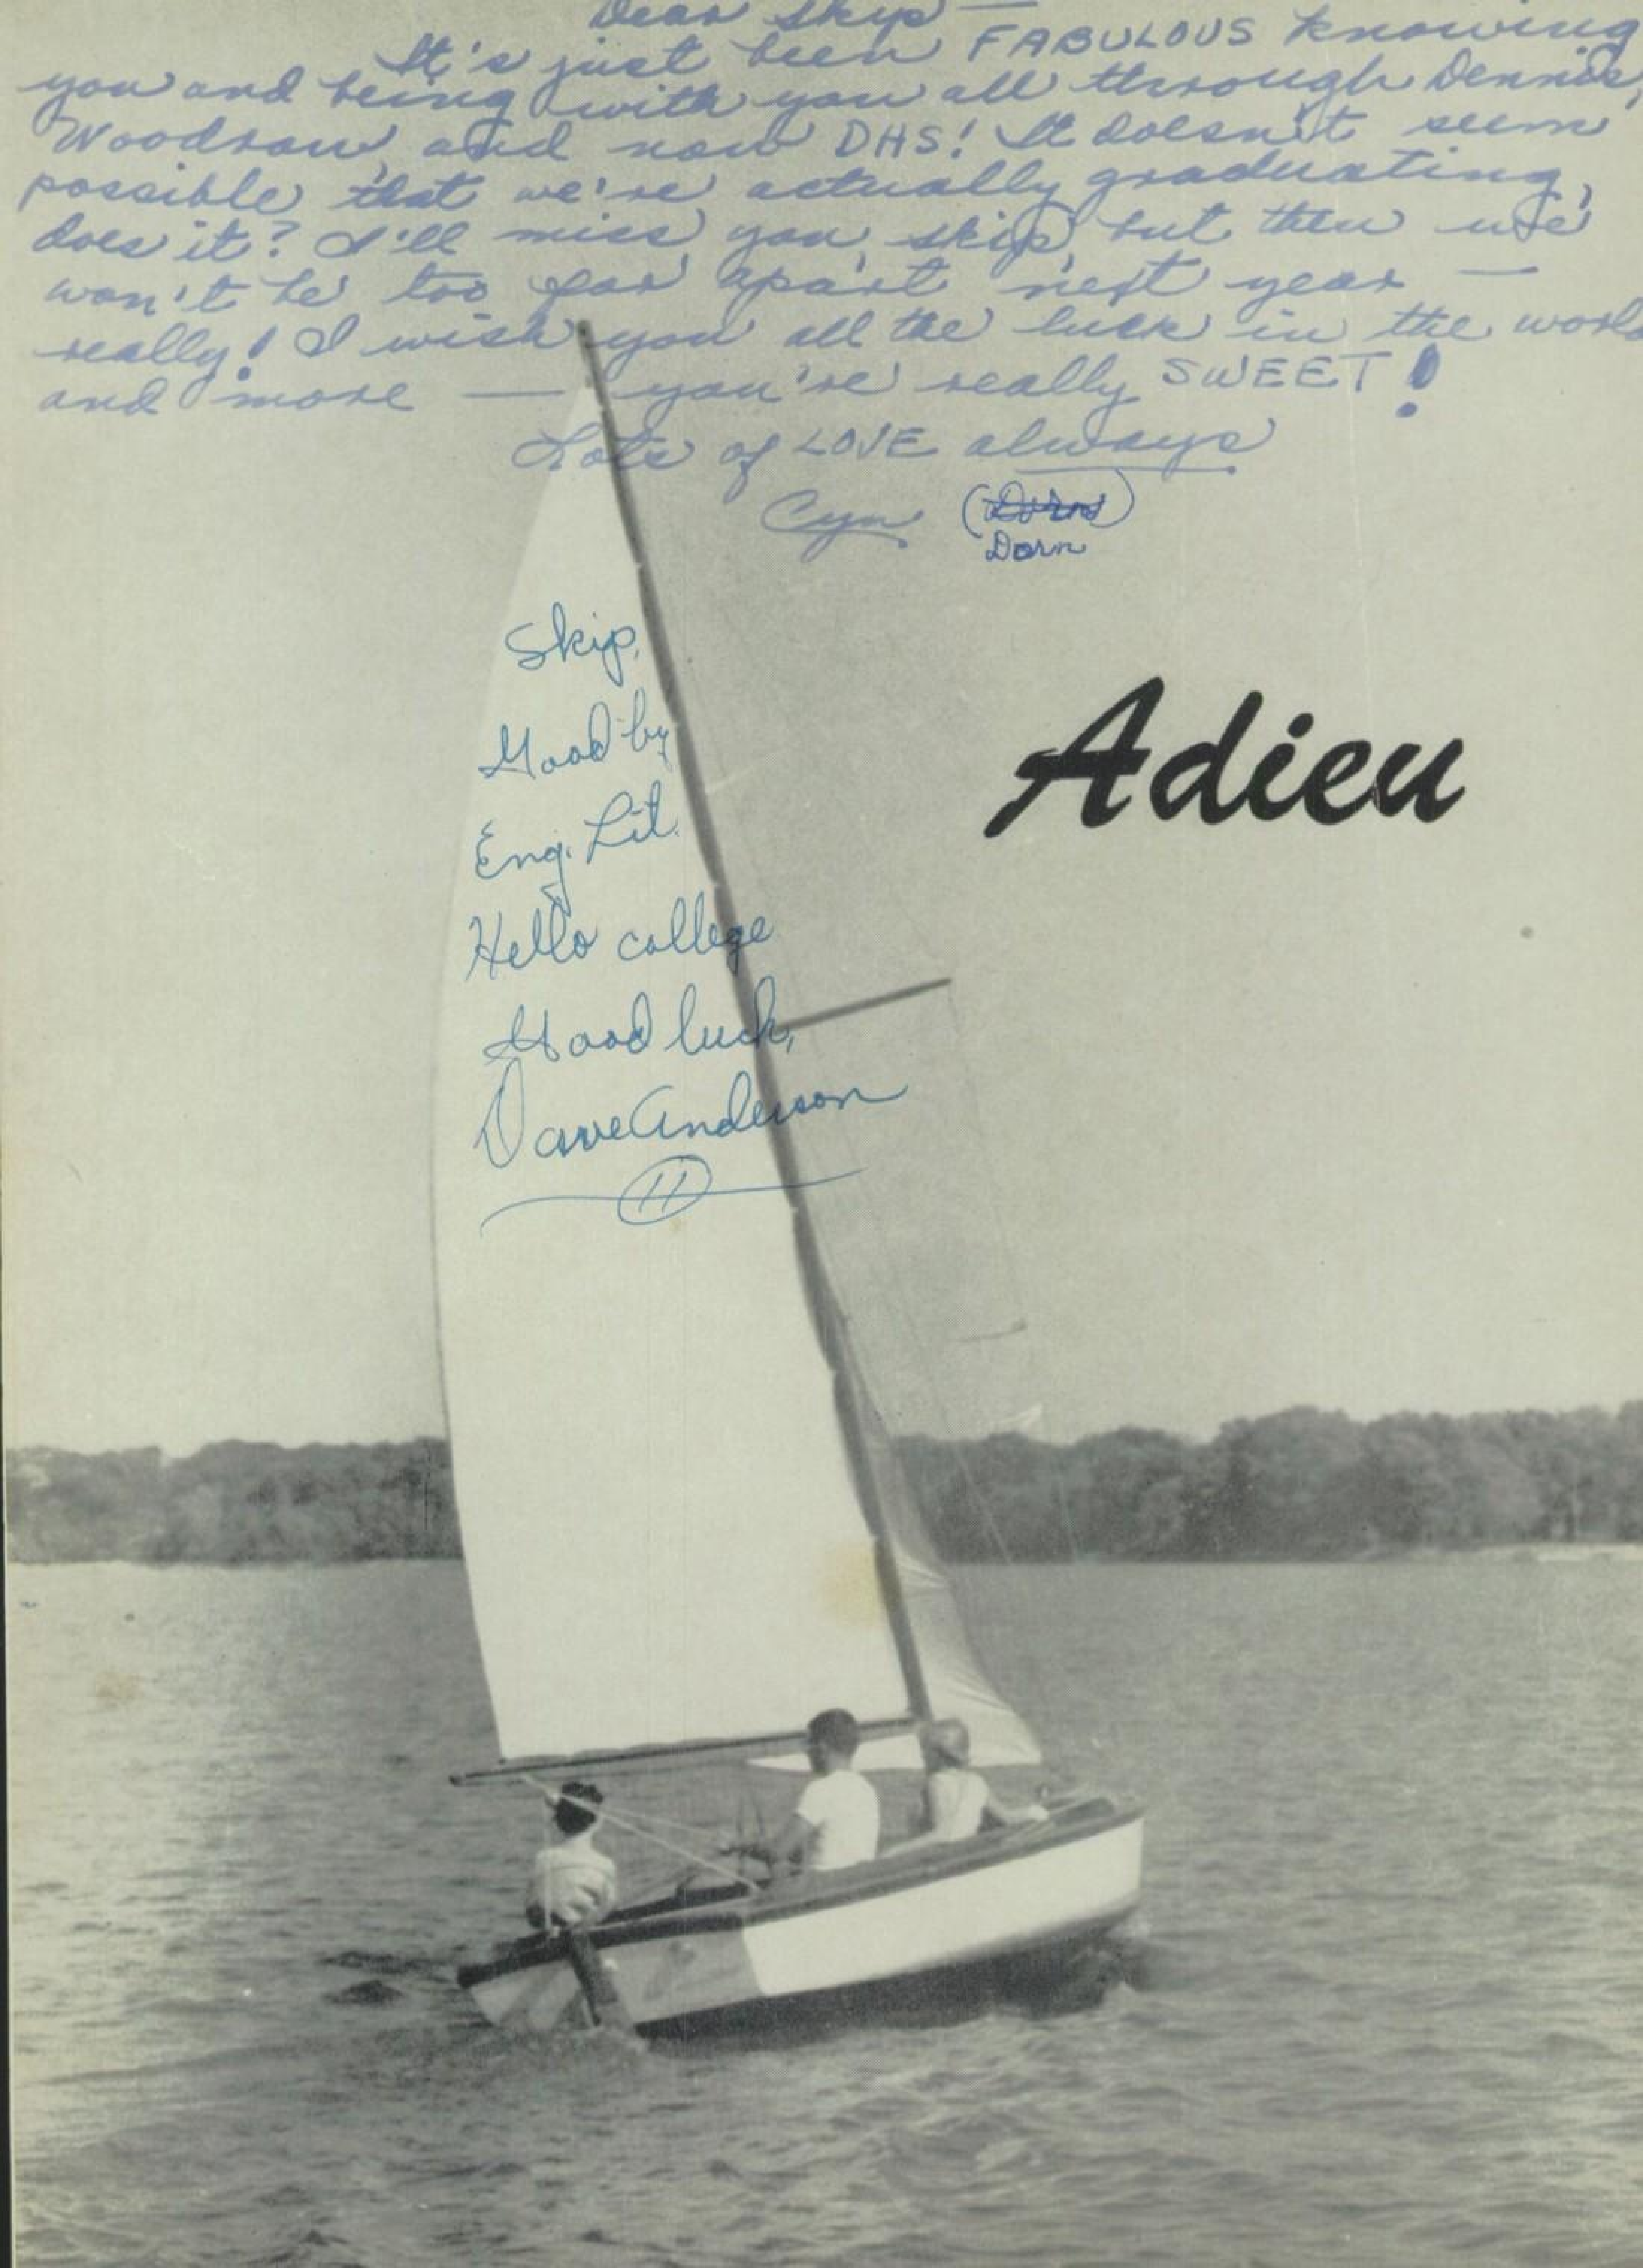

—Dave Barnes

Dear Skipper
Here we are— Seniors & here I go again writing in your Dec.

Love Ya

Buena suerte to a real cool bowler and pool shark. Here is rule to follow.

If the B empty, put more; If the B full don't put: you'd be an * it.
